TRE Qualifications: TRE Practitioner Level I

Other Qualifications:

- Aromatherapist
- Reflexologist
- Reiki Master Teacher

Comments:

I have been practicing Aromatherapy, reflexology and Reiki since 1997 and work from my therapy room in Westville.

I was introduced to TRE in August 2010 and feel that this is exactly what humanity needs and have found that it has made a major difference in my wellbeing. I feel it has benefits that can assist everyone on a completely different level than anything else I have come across.

Through my experience with TRE I have come to realize that I would like to be involved in extending TRE out into local communities and therefore to make a difference to our country as a whole.
