**LEARN HOW TO READ THE SUBTLE CUES OF PULSATION, AS A FORM OF DEEPER  
COMMUNICATION, BETWEEN THE TRE PROVIDER AND PARTICIPANT**

Objectives:

- ◆ Observe how to follow the participants' visible pulsation;
- ◆ Learn how to enhance your unique, creative and intuitive skills as a TRE® Provider;
- ◆ Examine "nerve innervations" and "muscle attachments" along the spinal column as they apply to TRE® interventions
- ◆ Practice transference and countertransference as a real-time example of how we act, interact and react with each other in the TRE® process.
